ANNUAL CONFERENCE

Connect, Learn, Reflect

Join us for the Kansas Association of Community Foundation's Annual Conference (KACF). The KACF Conference Committee is excited to be bringing you the premiere event of the year with two sensational plenaries, 34 concurrent sessions, and 5 roundtables!

The KACF Annual Conference is the place for community foundation connection and reflection. It's an opportunity to learn, but it is also a space outside our daily work to celebrate just how far we have all come.

We kick start the conference with the legendary Lewis Feldstein, former President of the New Hampshire Charitable Foundation, and a world-renowned author who will deepen our thinking about social capital and community foundations.

Lewis M. Feldstein is the former President of the New Hampshire Charitable Foundation, www.nhcf.org. The New Hampshire Charitable Foundation is New Hampshire's statewide community foundation.

Feldstein worked with the civil rights movement in Mississippi and served for seven years in senior staff positions to New York City Mayor John V. Lindsay. Prior to coming to the Charitable Foundation, Feldstein served as Provost of the Antioch/New England Graduate School. He is a graduate of Brown University and holds a Master's in Law and

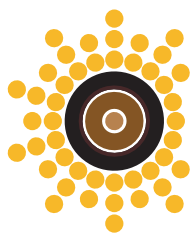

Diplomacy from Tufts University.

Feldstein serves on several boards, including the Boards of Directors of the Independent Sector and Civic Ventures. He Co-Chaired with Robert Putnam the Harvard University three-year Executive Seminar, *Civic Engagement in America* (www.ksg.harvard.edu/saguaro). With Putnam he is co-author of the book *Better Together: Restoring the American Community* published in the fall of 2003. He has received seven Honorary Doctorates. Feldstein was selected as one of The 2008 *NonProfit Times* "Power and Influence Top 50" members of the U.S. nonprofit world, one of the "100 people Who Shaped New Hampshire in the 20th Century", published by the *Concord Monitor*, and one of the ten most influential people in New Hampshire by *Business NH Magazine* in 2001 and again in 2007.

This Conference boasts national speakers including Bryan Clontz, Kelly Shipp Simone, Diane Miller, Community Foundation Insights, Henry Bromelkamp and JT Mullen, regional speakers from the Department of Commerce, Kansas Leadership Center, Kansas Health Foundation, and many of your peers and other experts from Kansas and neighboring states.

With six concurrent sessions to choose from, it takes more than one person to take in everything the KACF Conference has to offer. That's why so many community foundations have seen the value of bringing their entire team, including staff, board members, and other volunteers to the event.

The conference is also a great board development opportunity. Board members who attended last year's conference commented that they not only learned a lot, they enjoyed networking with other board members.

The diverse concurrent sessions of various levels: basic, intermediate, and advanced will cover topics in

- asset development and sustainability
- programs
- marketing
- finance and technology
- governance and leadership
- public policy and advocacy
- legal and National Standards

Fun Ice Cream Social

It's not all work, there is time for fun at the Ice Cream Social and at the KACF Annual Meeting dinner - following up on your feedback - we've planned for more networking and longer breaks.

The Doctor is in

We have also added a new feature "Doctor is in Consultation" for you to talk one-on-one with the Council on Foundations experts. A session on day 1 will offer opportunities to discuss your legal questions or concerns. On day 2, you will have a chance to talk about matters related to National Standards.
